

Thank you for let me address the members of the General Assembly Judiciary Committee. I want to express my concerns addressing. SB. Number 16. The Act addressing gun violence and juvenile crime. I would like to say I'm all for getting tough on crime. Especially with the juvenile problems that plagues the state right now. I will not support this bill that infringes on the rights of citizens. I don't believe any of the gun proposals previously instilled was being tough on crime. I also am in disagreement with HB. Number 5416. I don't think that will limiting a citizen the number of pistols or revolvers they can purchase has any bearing on State statistics let alone any increases on crime. I would like to say that I'm all for SB388. The act of concerning the defense of a person or persons dwelling place of work or motor vehicle. This by far is one of the most important acts that I think that addresses citizens right to safety and right to defend. I'm all in favor of S.B 388. I also want to address H.B Number 5415. I'm all in favor of transferring. Firearms and large capacity magazines that are in possession of by legitimate permit holders. I'm also in favor of H.B Number 5412. Thank you for your time.

Sincerely,

Michael W Rajewski
